## Brighton Public Golf Course

# Changes to Golf Course Carpark

5th February 2021

From February 5th there will be changes to operating procedures in the Brighton Golf Course car park, the Department of Health & Human Services will be setting up a COVID-19 testing centre in the area. The site is seen as a temporary site and is important to support the pandemic response. Early indications are that this will be in place for 1 weeks- although pending demand this is subject to change.

***Importantly the Golf Course will still be open with normal operations.***

From February 5th traffic management will be onsite to block off the entry to the golf course car park and direct traffic to par around and on the entry area as pictured – →

We will keep members and guests updated as more information comes to hand. Thanks for your understanding and patience as we importantly help assist with Victoria's pandemic response.

Where possible we ask you to arrive a little earlier for your round.
